

Indiana Department of Education

Dr. Katie Jenner, Secretary of Education

Revision and Implementation Guidance for Indiana Academic Standards

Pursuant to [Indiana Code \(IC\) 20-31-3](#), the Indiana Department of Education (IDOE) revises Indiana Academic Standards (IAS) at least once every six years. The review period, noted below as the 'Revision School Year,' integrates educator committee feedback with a public comment period to facilitate productive dialogue on these revisions. Following adoption by the Indiana State Board of Education, the 'Implementation School Year' allows for an opportunity to learn and integrate the revised IAS into local curricula. During the 'Implementation School Year,' assessment items are field tested, as applicable. The timeframe noted 'Assessment School Year' indicates the expectation for the standards to be operationally assessed.

The table shows the revision, implementation, and/or assessment cycle for content and elective courses for the next two years. Please contact IDOE's [Office of Teaching and Learning](#) with any questions.
